

## SCIENTIFIC GAMES CELEBRATES SUCCESSFUL LOTTERY SYSTEMS LAUNCH IN SWITZERLAND

### Company's Instant Ticket Gaming System Is Powering Swisslos, Top 10 Largest Game Lotteries in Europe

**LAS VEGAS and ATLANTA – July 6, 2021 – [Scientific Games Corporation](#)** (NASDAQ: SGMS) (“Scientific Games” or the “Company”) announces the successful launch of its instant ticket gaming system in Switzerland. The Company’s technology is now powering instant game sales for Swisslos Interkantonale Landeslotterie (“Swisslos” or the “Lottery”), one of the Top 10 largest instant game lotteries in Europe (*La Fleur’s 2021 World Almanac, total instant game sales*), serving a population of approximately 6.4 million across a network of 4,100 retailers.

Dr. Roger Fasnacht, Director of Swisslos, said, “We have partnered with Scientific Games on technology for nearly 30 years, and we are now excited to launch an instant ticket gaming system to manage our instant game logistics with a technology-based, advanced approach that ensures our players and retailers have the products they need, when and where they need them, which helps us responsibly grow sales and ultimately, our beneficiary proceeds.”

Swisslos instant games represented USD \$410 million of its \$1.1 billion total lottery retail sales in 2020. In addition to instant games and the new instant ticket management system, Scientific Games provides the Lottery with a central lottery gaming system, *WAVE™* retailer point-of-sale terminals, terminal software, and a sports betting solution.

“The launch of this new instant ticket management system is a testament to Swisslos’ vision for modernized, streamlined operations to expertly manage its products,” said Christian Kometer, Managing Director International Lottery Systems, for Scientific Games. “We are honored to continue our trusted relationship with Swisslos over the last three decades by continually advancing technologies to support Swiss players, retailers and maximize profits for the Lottery’s beneficiary programs.”

Scientific Games is the largest lottery systems technology provider in Europe and the world’s largest supplier of instant games with products representing more than 70% of global retail sales. The company is also a leading provider of digital lottery games, mobile apps and player loyalty programs.

**Forward-Looking Statements**

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2021 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
